The Smart AI Kid Promise

1. 🔍 AI can be wrong. I **check it first!**
2. 🔒 I keep my full name, address, school, phone number, passwords and photos private, even from AI apps.
3. 🧒 I ask a grown-up I trust before I use a new AI app, and I tell them if anything online makes me scared or confused, or offers me a prize.
4. 📚 I use AI to learn, not to copy.
5. ❤️ I am kind. I only use AI for good things.

Badge #1 & Family Rules Card

SMART AI BADGE

✂️ Print this page and cut out the badge. Ask a grown-up to help you cut. Well done, you are a Smart AI Kid!

Collect **3 badges** from 3 books to get a free printable **Smart Digital Kid Certificate** when Book 3 is out. Books 2 and 3 are being made and are planned for 2027.

📌 Stick the Family Rules Card on your fridge. Books 2 and 3 will add new rules.

Family Rules Card (AI rules)

1. AI can be wrong. We check it first.
2. We keep full names, addresses, school, phone numbers, passwords and photos private, even from AI apps.
3. Kids ask a grown-up they trust before using a new AI app, and tell them if anything online is scary, confusing or offers a prize.
4. We use AI to learn, not to copy.
5. We are kind. We only use AI for good things.

Find the AI at Home!

Look with a grown-up, and tick ✔ when you find Cip's cousins!

- [ ] A phone that unlocks when it sees its owner's face
- [ ] A map app
- [ ] "For you" video suggestions
- [ ] A voice helper ("Play a song!")
- [ ] A translator app
- [ ] A keyboard that guesses your next word

Ask your parents: which AI do they like best? Why?

Game: Test Like Cip!

How to play:

1. One player is **Cip**. One player is the **teacher**.
2. The teacher draws something from around the house. Quick, only 10 seconds! Cip says "Beep-beep-blink... DING!" and guesses.
3. If Cip is wrong, everyone shouts: **"CHECK IT FIRST!"** The teacher gets 1 point. Then the teacher draws 3 more examples, and Cip guesses again.
4. If Cip is right, Cip gets 1 point.
5. After each drawing, swap roles. Who has the most points? Whose guess is the funniest?
